## **Features Key:**

Create Customizable Characters

All the classes and custom-made races are prepared for you to utilize in limitless situations. All that is left to you is to form a party with the race, class, and equipment that resonate with your play style.

Predictable and Growth-oriented Quest

At the beginning, your character specializes in one of three groups: the battle class, the magic class, or the supporting class. When you grow stronger, you can change to a different class.

Weakness is Your Greatest Strength

In order to use the entire Elden Ring in one ritual, you must evolve to the strongest form of the weakest class. The weak class counteracts the strength of other classes, and is therefore essential to your battle experience.

4-Player Co-Op Mode: The Ruins of Elden

Using the vanguard form, you must colonize the ruins of former Elden cities and uncover the deepest depths of this world.
