"The return of my old sword. I had forgotten its feeling as a warrior's hands." A young man appears before you. He is a man filled with the hopes of a warrior. He says he must return to the Doge Chivan's castle. Let us follow him. THE COMPLETE STORIES OF ANCIENT PARADISE. A long time ago, Paradise was full of hope. The times in the face of mankind's selfishness and violence were dominated by "Elder Gods." Ozan, the god of "Justice," the god of "Friendship," the god of "Valor," and the god of "Inevitability." Wandering through Paradise, they watched over all the creatures of Paradise. The fragile Paradise was attacked by those with no regard for life. Ozan, the god of "Justice", the god of "Friendship", the god of "Valor", and the god of "Inevitability". In order to protect Paradise, the Elder Gods defeated the invaders. With the Elder Gods defeated, mankind was gripped by despair. Ozan turned his back on humanity. He did not intervene in the despair of mankind. As a result, the future of Paradise was changed. The holy and peaceful Paradise had turned into a land of the "Elder Gods." The gods that the people of Paradise had worshipped created an environment where Paradise was weakened. This state of affairs continued for a long time. The holy and peaceful Paradise was troubled by a series of battles between the "Elder Gods" and the "Maleficent". Elder Gods that the people of Paradise worshiped were enraged, and became an obstacle to the story's progress. In order to protect Paradise, the Elder Gods defeated the maleficent. In the end, Paradise was ultimately exhausted. The gods that the people of Paradise worshiped destroyed Paradise. Paradise was no longer able to be protected by gods. Without the protection of the Elder Gods, Paradise was totally destroyed. After the destruction of Paradise, the land had turned into a desolate, hostile place. The survivors of Paradise could not even hope to see the future. About 30000 years have passed. A new world appeared

♥ Soul of a goddess (Aug 13, 2016) A modern level design makes this game a feast for the eyes. The story is fantastic. The music and sound effects are nice. The voice acting fits really well. And being able to play as two characters is a lot of fun. Game plays pretty well and it has a great atmosphere. It has a lot of charm in it, even when you're fighting your way through hordes of enemies, you feel like you're in your living room with a buddy (me) while you're playing this game. ♥ Soul of a goddess (Aug 13, 2016) I would give this game 5/5. Elden Ring With License Code X64 [2022]

The combat system of the game revolves around a new skill battle system "Dynamic Combos", in addition to the existing "Dynamic Actions". Players can create combo attacks by combining different element combinations and specialize attacks to actively utilize the synergy of the elements. While actions such as "Move", "Attack", and "Magic" are performed for each of the elements, "Combination" and "Enhance" are performed for "Dynamic Combos". Dynamic Combos are special combo attacks that can only be combined. Combinations and special effects of each element are determined on the basis of the situation of the battle, resulting in a unique action with a unique combination. Players can create a wide variety of combinations to act intuitively based on the situation of the battle. If you find it difficult to think of an action using the elements of "Move" and "Attack", "Enhance" will be executed for "Dynamic Combos". When no actions of the elements are left, "Enhance" can be used to directly enhance your elements. "Enhance" can also be executed in the air by pressing the corresponding button, but there is a cooldown and its effects will not be applied while the action of the elements is on the deck. The world is divided into the lands known as "Shadows" and the lands unknown to civilization. It is the job of the "Tarnished" to protect the light of civilization from the dark lands. Each of the lands is inhabited by a different race with a unique culture. "Shadows" and "Conceptos", also known as the "Elven Ring", are locations where the legendary treasures called Elden Rings are rumored to be scattered throughout the land. The game is about "Rise, Tarnished, and be guided by grace to brandish the power of the Elden Ring and become an Elden Lord in the Lands Between."
