The ability to experience a world of fantasy is empowering and thrilling. It's hard to find games that allow you to go beyond the ordinary, and we are thrilled to bring you an experience that allows you to live a far away world. THE QUESTION: In a world of magic and fantasy, the tale of a woman who strives to live with grace and power is being told. PREPARATION A Tarnished Lord is one who has been betrayed by the elven race. Amid the rejection, despair, and sorrow of being cast into exile, he resolves to retool his beliefs and revive the empire. A

Tarnished Lord, or EL Lord, as they are called in an era when the elves live, develops in an environment where powerful magic is the most important factor. Their raw strength and sword skills are worth the most in battle, and building their own tribe is the best way to develop their battle skills. They often possess darkness, anger, and love that gives rise to a special power.

have limitations.) THE EL Lord 2 (Warning: There are spoilers ahead!) "The EL Lord 2" not only tells a story about the first EL Lord, but also expands on the world of the Land Between. EL Lord 2 is not a prequel to EL Lord. Even though you will play as the same character, this is a different side story, and we would like for you to check it out!

THE FORMULA OF THE EL Lord 2 In addition to the EL Lord, you will have the party members that will assist you in battle, and you will have a "character plate" that characterizes your "play style" when playing.

- You can use your own body as a "character plate."
- You can freely combine your body

---

with an attack, a skill, a weapon, an armor, and a magic. • There are three customization categories: body parts, weapon, armor, and magic. • Depending on the "play style" that
