Each character has their own abilities and a different status effect, which are called so in the game. Characters who are born from the Elden Ring possess the glory of the Elden Realm, and their status effects include unique effects. Warriors with the power of the Elden Realm can bestow glory on others and fight bravely, but they only have one status effect, which is what we call the “born” effect. Characters who wield the power of Tarnished have a unique Tarnished status effect, and they can use the entire status effect. Furthermore, each status effect can be strengthened with different types of items. It’s a game where you can build your own character that best suits your play style. ■Livestream: Scheduled for November 19th, 2017 at 12:00 (JST)!
