The 2-hour playtime between a full day of rest and a complete matchday could be even longer than that in FIFA 21. In FIFA 22, FIFA Global Series and FIFA Clubs features also benefit from a brand new approach to weather and atmosphere. With the introduction of the new weather system, every aspect of the game has been revised, and the variation of weather conditions also dramatically changes the entire game experience. As the sun sets and the rain clouds build, the pitch will visibly change to a darker, greener and more vibrant colour to reflect the changing landscape. Players will also experience the day-night cycle and see the grass grow by the hour to give their footballing experience an even greater feel. Other changes include the ability to make alterations to the pitch, meaning more flexibility to shape the playing field to achieve specific goals and match conditions like a snowy pitch and a free-flowing sprint race.
