① "Hard difficulty gameplay, but still a lot of charm" by: R14 (Noread) Hello. I've just played this game for the first time. After completing the prologue, I couldn't help but be excited. From the beginning, the story flowed smoothly and the characters' dialogue and script was wonderful. I can't help but get caught up in the storyline and drama as the story unfolds. All the way until the last chapter. I was impressed with the production value of the game. The character's VO, graphics, and animation were really quite pleasant to behold. The battle system was made to allow players of all levels to enjoy the game. The difficulty was easy enough to play through but challenging enough that you will need to be patient and use strategy if you want to survive. It isn't really difficult to master the basic rules of combat, but you will need to be a quick study to learn new things and combinations for weaknesses. There were a couple things that might not be immediately obvious but once you think about them, they make a lot of sense. The first is that the enemy's health doesn't actually decrease. It merely "grows" and shows a new number after defeating an enemy. This, while it might be confusing at first, is actually a good thing. The enemies have a certain point after which they no longer drop items, and if you keep on attacking, you are going to overshoot that point. Thus, you could always press the attack button in the heat of battle, press the buttons out of order, or even hold the button down. This was a technique that was used in old school Ultima, Final Fantasy and Valkyrie Profile. The second is that you have the option to use a one-hit KO move. This is available early on when you learn the move and can be used in most battles. Some characters have a variety of KO moves and certain circumstances will activate certain ones. The ones available were easy to use and very effective. I was almost defeated a few times but it turned out I had just misused the one-hit KO move. Two, if not three, of the characters are very helpful and versatile, giving you new options to use during battles. As this is a turn-based RPG, you will need to think carefully before you use your actions. The game has a Clock System where you can only act a certain number of turns after a time-related event. The Elden Ring: A Vast World Full of Excitement A vast world where open fields with a variety of situations and huge dungeons with complex and three-dimensional designs are seamlessly connected. As you explore, the joy of discovering unknown and overwhelming threats await you, leading to a high sense of accomplishment. Create Your Own Character In addition to customizing the appearance of your character, you can freely combine the weapons, armor, and magic that you equip. You can develop your character according to your play style, such as increasing your muscle strength to become a strong warrior, or mastering magic. A Myth, An Epic Drama and a Fantasy World A multilayered story told in fragments. An epic drama in which the various thoughts of the characters intersect in the Lands Between. Online Play that Loosely Connects You to Others In addition to multiplayer, where you can directly connect with other players and travel together, the game supports a unique asynchronous online element that allows you to feel the presence of others. Gameplay ELDEN RING game: GENERAL INFORMATION: The Elden Ring is an action RPG set in the fantasy world between Heim and the Lands Between. Unlike most fantasy games, you start the game as an ordinary adventurer who is simply roused to the call of the Elden Ring. You can take the role of a Tarnished and join the Elden Ring for a chance at fortune and adventure. Elder and Tarnished Action RPG The Tarnished is the main playable character, you are able to play as a Tarnished. The Tarnished is just a normal adventurer who has no back ground story at the beginning of the game. You can meet some Tarnished in the Mansions scattered all over the Lands Between. ■ Main Characters: Main Character Tarnished Tarnished is the main playable character. You are able to play as a Tarnished, a person who possesses the power of the Elden Ring. The main character of the Elden Ring game is Tarnished. As a Tarnished, you can develop your character to become stronger, acquire skills, and even better gear. ■ Elder Action RPG Elder Action RPG is the next main title after The Elden Ring. As the protagonist of Elder, you will go on an adventure with a family of four, the Whites, and travel to the

Harsh law brought the second round of wars. Heroes fought out of self-interest and greed, leaving long-lasting scars on the land. In order to restore the balance, the White Blood and Black Blood created a space of antagonism to the Lands Between, and resisted by monsters called Tarnished. The Elden Ring was born as a barrier. To the Tarnished, it is a power - a protection reflecting the power of the Lights of Heaven, which guide the path of the land's travelers. The Tarnished decided one day that the name of "the Lantern of the Elden Ring" matched theirs, and invaded the Lands Between. The Tarnished distorted the powers of the Dāmacr;tai, as well as those of the Lights of Heaven. The elf hostages were sacrificed to the Tarnished who were born of the blood of the White Blood and Black Blood. The Tarnished and the White Blood and Black Blood joined, and produced followers who captured elves and reached for the holy land of the Lights of Heaven. Since that day, fights between humans, elves and Tarnished have been rising in the Lands Between. Even now a rare creature called the Benthorblanc, named after a legendary hero of the land, is born. In order to defeat the Tarnished, the Elden Ring must be safeguarded. The seed of the Lights of Heaven. You must be the one who fights off the Tarnished and the Benthorblanc, and protect the land - a hero who appears once again.

**Step 3:**
**Step 4:**

## Step 1:

## Unzip the download file into your desired location

## Step 2:

## Run the EXE file

## Step 3:

## You will have a crack folder. Open it, and run "Elden-Ring-Gears.ocx"

## Step 4:

## Now, go to "Offline Function" Tab, and select "CURRENT - Windows Vista 32/64"

## Click on "Activate!"

## Enjoy!

Go to the shortcut of run. it will look like this then go to options, and then click run as administrator. it will open the loader. then go to control panel. then from the visual basic tab, and go to the icon of arrow down and select "run." it will open the loader again. then close loader and rename the file to EldenRing.exe go the the location of where you've downloaded the rar, which i believe it is the program files. i would go to recent documents and download the installer. open the programs files folder, and double click on the setup of EldenRing.exe, it will open the configuration of setup. open install, and it will ask you for a dvd, what do i would suggest putting a dvd in your computer is faster then loading the setup from the internet. click on begin... wait till it gets done. then look for the folder that has administrator. double click on it to go to the folders. it will say administrative tools. it will start to put in the files. go though it and it will be done for you. after it is done the install will finish.
