◆ An Epic Action RPG Full of Adventure and Challenge The Lands Between is a realm in which a great conflict between the two factions of the world of Elden – the Necromancers and the Harbinger – are raging. It is a world which many have desired to see, but few have ever found. As an immortal warrior, you, the Elden Lord, have been pulled into this world as its soul, and you are given the chance to unify the lands of the Lands Between. ◆ The Lands Between Adventure Game with a Legacy You will take control of a Tarnished Lord that has lost his soul and rise to become an Elden Lord. ◆ Break the Time Barrier, See through the Thoughts of the Other Realms As an Elden Lord, you will gain the ability to break the time barrier of the Lands Between. With this, you can see through the other Tarnished Lords' thoughts, and become engulfed in the flow of their emotions. ◆ A Rich Story Full of Ominous Mysteries Explore the Lands Between on your quest to solve the mysteries of the past and present, and find the missing answer. Learn about the mystery lurking in the Lands Between and help those who are lost in the its flow. ◆ Avatars and Friendships in an Epic Drama The Lands Between is an ever-changing world full of people, places, items, and moods. Avatars can be freely created, so be sure to create yours according to your play style. You can enjoy friendships and make friends with other players as you travel through the vast open fields and dungeons. ELDER ASTER 2017.10.13 A good RPG, but only if you go for the story. The graphics and sound are well executed for an indie game. As I am only a beginner, I would appreciate very much if they could add some tutorials or a manual to make things more clear for beginners. The devs, with the help of a very good localization and translations department, made sure that you can understand every single sentence without knowing the basic vocabulary of the game (example is the character names, that are very very similar to the English/Japanese names), and without thinking too much. As for the story, I think it is very strong. It's a real RPG, and it's a masterpiece of a story, even if it is very simple. Gameplay wise, I can't see many things I don't like. The only thing I would say is that the melee combat could be a bit more challenging, in order to leave the focus on the battle/roleplaying. However, I suggest you to not underestimate the game. It is a really good RPG. If you are looking for a standard RPG, then you will probably not be interested in it. If you are looking for a RPG that will challenge your brain, then you will definitely love it. And the game has very good replay value because of the many characters, the different character classes, the possibilities of upgrading, the classes and the many different side quests that have different objectives. To quote the creators: "The path of the Elden Ring has been tarnished. The destiny of all who participated is hidden. We can only trust the legends and the memories of those who came before. From this moment on, it is your own battle for the success and the survival of the Kingdom of Elden. Now begin the adventure together with the Elden Ring." Story: [REDACTED] also don't think it's very strong. [REDACTED] can't understand most of what the characters say (even the translators) and nothing is understandable. And you're thrown in the middle of an endless series of battles and quests without any explanation of what is going on. [REDACTED] can't buy a new weapon/armor unless I have it for the whole game. [REDACTED] have to wander around looking for a weapon and armor I can afford bff6bb2d33
