Where to download router image firmware ios software Hello, I finally installed the firmware for my Sagem Fast 3304 V2 router. So in order to change my router settings, I need to flash it. I downloaded the.bin file from here: Sagem.com. It can be done with any hex editor but I prefer WinHex. I'm experienced on Windows but for this I had to use VMWare Player and the guide found here: How to Firmware Images to RPDR. So that's pretty easy and fun. Although I'm not that great on VMware, it can be done and it's not hard. My problem is that it asks for a password for the router, but I don't have one. I also can't find the.bin file and VMWare Player just won't detect the Firmware Image while the Sagem Fast 3304 V2 just won't take it in. So how do I open up my router to update the firmware? What software do I use to do it? I don't know how to do this because I don't have the software. I've been using Windows for a long time but I need to learn more about the Firmware Image. Hints and Tips for doing this Update with the Sagem Fast 3304 V2 firmware update.... Did you get the Firmware image of the Sagem Fast 3304 V2 (3304) in Maroc Telecom? . I can't understand it. All i see is that I need to download the Firmware image, but that doesn't help me. Where do I download the Firmware for the Sagem Fast 3304 V2? Back to top. Firmware Sagem Fast 3304 V2 6firmware sagem fast 3304 v2, firmware sagem fast 1704, firmware sagem fast 2604, sagem fast 3304 v2 firmware update, Â. Firmware Update Default or Small Network Name by GYNET. Here are some useful tips to improve the router's performance. Back to top . First, we must stop the router for the firmware update.
